

# 1985

*Yaşar Erdoğan started his journey in Gaziantep with marketing the manufacturer's products to other cities. He grab the luggage and travel all over Turkey. He shows the samples and gets the orders without any manufacturing.*

# 1990

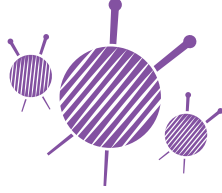

*He saw the potential and bought 2 mechanic machines to produce the orders on his own. Now he is a small company with the name of YAŞAR TRİKO.*

# 1995

*He always tried to enlarge his business and he owned 6 mechanic machines.*

# 2000

*He always tried to enlarge his business and he owned 6 mechanic machines.*

# 2002

*Now he has his first computer-integrated machine. We all know it's very hard for an old man to get used to new technologies but the team was already big and strong. That's why he waited that long to get a big company.*

# 2006

*Time to become a corporate company with the name of YAŞAR ERDOĞAN ÖRME TRİKO MAKİNE SAN.TİC.LTD.ŞTİ. Now we are so cool.*

# 2016

*We enlarged the category and started making jersey and woven wear.*

# 2019

*Today we are a big family with 140 employees which is working on 50 knitting machines and more than 200 confection machines*
